

MILLENNIAL ADVANCED MEDICAL CENTER

Extraordinary Care for an Extraordinary World

Millennial General Superhuman Medical Center is the region's leading hospital, providing advanced medical care to civilians, first responders, and superhumans alike. From routine checkups to catastrophic emergencies, our dedicated staff combines compassion, innovation, and cutting-edge technology to save lives every day.

As a Level I Trauma Center and Metahuman Specialty Hospital, we stand ready for the challenges of a world where the impossible can happen at any moment.

Centers of Excellence

Emergency & Trauma Center

Open 24 hours a day, our Emergency Department is equipped to manage everything from everyday accidents to citywide superhuman crises. Specialized trauma teams, rapid-response physicians, and advanced surgical suites ensure immediate care when every second counts.

Metahuman Medicine Institute

A secure wing dedicated to diagnosing and treating patients with extraordinary abilities. Our specialists are trained to safely care for enhanced physiology, energy-based conditions, mutations, and other unique medical needs.

Children's Hospital

Designed with comfort and healing in mind, our pediatric specialists provide exceptional care for infants, children, and adolescents in a welcoming, family-centered environment.

Research & Innovation Center

Physicians, scientists, and engineers work together to develop groundbreaking treatments, advanced prosthetics, regenerative medicine, and next-generation medical technologies.

Working Together to Save Lives

Millennial General proudly partners with A.E.G.I.S., Millennial City Fire & Rescue, Metro EMS, and the Millennial City Police Department to provide coordinated emergency response during disasters and superhuman incidents. Through teamwork and innovation, our caregivers are prepared for every challenge.

Air Rescue & Critical Transport

Our rooftop helipad and emergency flight crews provide rapid transport throughout Millennial City and the surrounding region, ensuring critically injured patients receive life-saving care without delay.

Visitor Information

Visiting Hours: 8:00 AM – 8:00 PM

Please respect patient privacy and follow all posted safety guidelines. Certain treatment areas may be temporarily restricted during emergency operations.

Healing Beyond the Impossible
